RE: CSX Transportation, Inc.
Line Abandonment
Floyd County, Kentucky
Docket AB-55 (Sub-No. 627X)

Dear Mr. Morgan:

Due to an information error, I have found that there is an additional structure on this line that needs to be included in your historic evaluation. Located at milepost CON 13.2 is a rock tunnel. This tunnel was constructed in 1921 and is 281.7 feet in length. Enclosed you will find both the tunnel diagram and original, color photographs.

Unfortunately I came upon this information post-abandonment filing. I sincerely apologize for any inconvenience this may cause. Please feel free to contact me should you have any questions or need further information.

Sincerely,
